Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Friday 05 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Turning windy in the north on Saturday.

This Evening and Tonight:
Rather cloudy, cloud thick enough for a little patchy rain and drizzle in the north and west with heavier and more persistent rain then into northwest Scotland later in the night. Turning windier, especially in the north.

Saturday:
Rather cloudy with morning rain over Scotland and Northern Ireland spreading into England and Wales. Southern England staying mainly dry. Clearer with showers in the northwest later. Windy.

Outlook for Sunday to Tuesday:
Sunny spells Sunday, but windy in the north with areas of rain and showers. Rain arriving in the north Monday transferring uncertainly south and weakening. Showers following in the north.
